

JTG Water-Filled Tank

No such thing as a water emergency with a JTG water tank. With its super-large capacity of 350 gallons, you'll be with amply supply regardless of your location.

Hosting an event without a steady supply of water? Operating at a construction site where plumbing is limited? Doing a cross-country trip where water is scarce? Living in a volatile area with unreliable plumbing?

The versatility of the tank and inter-designed spigot will ensure a reliable, clean, and easy-to-use water source. We deliver and set up the tank according to your needs and specifications. With easy forklift accessibility, you can transport the tank in a jiffy.

Dimensions:
40"L x 48"W x 46"H
