

JTG ProPower Light

The ProPower Light is a portable, industrial-duty and rechargeable, high-lumen floodlight that can be fully deployed in less than 30 seconds. It uses 6 LEDs and wide pattern reflectors to produce a uniform flood pattern with 2 selectable beam widths and 3 light output intensities.

The JTG ProPower Light's telescoping pole and rotating head extend to an overall height of 72 inches. Stabilizing legs can be deployed for high winds or uneven terrain. System ships with a heavy duty shoulder strap, AC charger and 12VDC cord.

The JTG ProPower Light is ideal for outdoor events and construction sites alongside portable restrooms. Rent one or multiple ProPower Lights to brighten up your area.

Width: 6.5"
Overall Height: 11"
Weight: 25 lbs

Features & Specifications

- ▶ Designed to resist 40 mph wind with head fully extended
- ▶ 10 hour charge to 90% battery capacity
