

JTG Barricade Fence

Barricade fencing provides superior security and reliability for traffic control, crowd control, work sites and highway projects. Our panels are made of heavy-duty welded steel with a corrosion-resistant galvanized finish for durability and reliability. Protect your equipment, personnel and resources in the best way possible.

Utilizing the innovative hook and sleeve system, the barricades are freestanding and can be put up just about anywhere without digging posts.

For large projects spanning over many miles, rely on JTG to deliver with easy and speed. Our large storage capabilities ensure that we have miles of panels available for your projects with super-quick delivery options.

Size: 8' x 3'

Features & Specifications
